U.S., Britain Move To Up Steel Output

Buy Steel, Iron From W. Germany

Washington, Oct. 1—(AP)—The United States and Britain tonight took a big step to boost steel production by giving their industries permission to buy immediately 500,000 tons each of steel and iron scrap in war-torn western Germany.

At the same time they set aside 225,000 tons of scrap for the scrap-short countries of western Europe, mainly Italy, Belgium and Sweden.

Scrap is used extensively in making new steel products.

The steps were announced jointly by the U. S. and Britain in a statement which expressed hope a total of 2,000,000 tons of scrap could be removed from bizonal Germany in the next 12 months.

Pact Of Great Importance

Government officials termed the agreement one of major importance, since it assures a new supply of raw materials to the critical steel industries in both countries.

Steel mills in the United States have been using up a total of about 30,000,000 tons of scrap annually but have been unable to fill the huge postwar demand for steel products.

In making the announcement, the state department emphasized, however, that these shipments from Germany would not jeopardize plans to increase steel output in the strategic Ruhr industrial area because of only excess scrap shipped.

"All scrap shipped from Germany will be in excess of the legitimate requirements of the bizonal steel industry."

The scrap, scattered over wide sections of western Germany, is in the form of battle-wrecked industrial plants, railway installations, locomotives, steel girders, tanks and abandoned ships. Since the war's end, only 63,000 tons of this has been recovered.

A committee of government officials and American businessmen toured Germany recently and decided that 10,000,000 tons of scrap could be obtained in Germany.

Mattoon Mechanic Buried With His Favorite Auto

Mattoon, Ill., Oct. 1—(AP)—Harvey Wishart, who tinkered with automobiles most of his life, was buried today with one he made.

When the 68-year-old auto mechanic died yesterday his undertaker, F. S. Schilling, recalled a visit from him eight years ago.

Wishart brought in his will for Schilling to witness. He asked the undertaker if a car he had built could be used for his tombstone.

Schilling said he doubted if this could be done.

"Well, then, I want it buried with me," Wishart said.

So today, after Wishart's coffin had been placed in the grave, a 200-pound automobile was lowered on top of it.

The car was one of three which Wishart had built. It measures five feet in length and one and a half feet in height. And has only one seat.

There is no room for the driver's legs, so Wishart drove it with his feet in a pair of stirrups on the outside. Its one cylinder motor, salvaged from a washing machine, propelled the vehicle at a speed of about 12 miles an hour.

Wishart was a veteran of World War I. His only survivor is a brother, Ed, of Terre Haute, Ind.

Wallace Attacks Film Companies, House Committee

Hollywood, Oct. 1—(AP)—Henry Wallace opened an intensive week of California campaigning tonight with an attack on film companies and the House un-American activities committee.

In a speech prepared for delivery at a \$12.50 per plate dinner at fashionable Ciro's restaurant, the Progressive party candidate for president said:

DeGaulle Attacks West Europe Alliance

Paris, Oct. 1—(AP)—Gen. Charles De Gaulle told a news conference today the French people must have a chance to elect him back to power or he will take other means to "save France."

He said the present regime was "sterile," attacked the five-nation Western European alliance as "not worth much," and said the western powers were handling the crisis with Russia over Berlin in "deplorable" fashion.

The alliance, which France has joined with Britain, Belgium, The Netherlands and Luxembourg, he declared, was centered in London and "it is wrong to center in London the defense of Europe."

He said he did not want the western powers to evacuate Berlin, "above all I do not want them to surrender Paris," and said the first interest of England would be defense of itself.

The general declined to say what steps he would take to "save France," declaring "one is obliged to guard some discretion on the plans one can form."

But he recalled that he headed a war-time government-in-exile and

Illinois Labor Endorses Truman For Presidency

Chicago, Oct. 1—(AP)—Declining to wait for some expression from the American Federation of Labor, the Illinois State Federation of Labor today endorsed President Truman for reelection.

The IFL also endorsed Paul H. Douglas, Democratic candidate for U. S. senator, but referred to its executive board a resolution that would have endorsed Odell E. Stevenson, Democratic candidate for governor.

Reuben G. Soderstrom, federation president, asked the delegates not to endorse political candidates at this time "because the American Federation of Labor has not yet taken sides."

Soderstrom said the convention was 90 per cent for Truman and the federation's executive board was 80 per cent for him but that the convention should not make a formal expression now.

However, after two hours debate on the question of the Truman endorsement the delegates knocked down by a 346 to 285 vote a recommendation of the resolutions committee to refer the endorsement to the executive board.

'Satira' Schmidt Will Have To Wait For Prison Release

Havana, Cuba, Oct. 1—(AP)—Patricia (Satira) Schmidt, exotic Toledo dancer, will have to wait until Wednesday or Thursday for her release from prison, it was learned today.

The 23-year-old Patricia, serving a 15-year sentence for the death of her married lover, John Lester Mee, Chicago attorney, was pardoned last night by President Ramon Grau San Martin.

It originally was believed the jail doors would open for Patricia, known professionally as Satira, as soon as the presidential pardon decree was printed in the official gazette. However, it was learned three working days must elapse before she is freed.

Patricia was overjoyed at the pardon. "I have not slept since 11 o'clock last night when I was informed by Wardeness Carmelina Ganche that my pardon decree had been signed," she said. "I'm too excited to think of plans for the future."

She spoke last night by telephone with her father, who called from Toledo.

Say Portion Of Atomic Bomb Being Produced In U.S.

Chicago, Oct. 1—(AP)—Plutonium—the man-made element used in improved atomic bombs and peacetime "factory-size" scale in the United States, David E. Lillenthal, chairman of the U. S. Atomic Energy Commission, said today.

He also said that Atomic Energy Commission projects were using "scores of tons" of uranium metal and that the commission is "searching the world" for uranium ore and other raw materials used in producing atomic energy.

In the absence of effective international controls, he said, the commission will work to keep United States superiority unchallenged in all aspects of atomic energy.

Lillenthal told members of the Executive's club of Chicago that if atomic energy remains uncontrolled on an international level "we who live in cities will live in the shadow of fear."

HE'S READY High Point, N. C., Oct. 1—(AP)—The draft board here received an unanswered questionnaire today. Across the top of the page, however, was written:

"I'm ready when you are."

Truman Says GOP Victory Would Bring Depression

Charleston, W. Va., Oct. 1—(AP)—President Truman told the voters tonight they can "achieve unity" by electing a republican congress and Thomas E. Dewey—unity "in a head-long dash toward another depression."

In the last major address of a campaign swing to the coast and back, Mr. Truman didn't mention his republican rival by name. But he quoted from Dewey speeches in an attempt to show the G.O.P. standard bearer is backing the record of the 80th congress.

He said: "I will tell you how you can achieve unity in a headlong dash toward another depression. Just elect a republican president to go along with a republican congress."

"Just elect a man who said—and quote: 'I am proud of the record of my party and of the 80th congress.'"

"Just elect a man who has said: 'The 80th congress did as much as any other congress ever did for the future of our country.'"

"Apparently he will be glad to help deliver a lot more of the same kind of blows you got from the 80th congress. But bigger blows—and faster and more of them."

The president spoke in the Charleston municipal auditorium. Tomorrow morning in Washington he winds up a 19-state campaign tour covering something under 9,000 miles. The Charleston speech was the 137th of perhaps the most strenuous stumping tour ever undertaken by a chief executive.

Governor Green Lauds Illinois Welfare Program

Kankakee, Ill., Oct. 1—(AP)—Illinois has made a good start on its construction program to correct overcrowding in state welfare institutions, Governor Green said tonight.

"We are now caring for approximately 14,000 more wards in our institutions than they were built to accommodate," the Republican governor said in a prepared campaign talk.

"We must carry forward this construction program until this overcrowding is eliminated," he added.

The task "cannot be completed in one year, or two years, or even five years," he said. "To provide facilities for 15,000 new beds in our state hospital system would require an outlay of \$150,000,000."

Green estimated the welfare department would return \$6,000,000 of its appropriations for the two years ending next July because of the shortage of doctors and nurses. He said funds were available but professional help was difficult to obtain because of the state's present salary scales.

Md. Governor Blasts All Three Major Parties

Baltimore, Oct. 1—(AP)—Gov. J. Strom Thurmond said tonight the nation needs deliverance from "the three politicians—Dewey, Truman and Wallace."

He declared in a speech at a campaign rally that all three, by stupidity or by desire, are engaged in a traitorous, dishonest attempt to buy the presidency with force bills designed to catch the votes of minority groups.

The states rights Democratic nominee for president said, "The American people are waking up to the fact that they are living in an age of government by minority groups. They are rapidly becoming aware that the greatest office, the presidency of the United States, is being perverted to the selfish minority bloc."

"In their traitorous bid for political power, the three politicians—Dewey, Truman and Wallace—have all endorsed force bills that they call 'Civil Rights.'"

Georgia Allows States' Rights Demos On Ballot

Atlanta, Oct. 1—(AP)—States' rights Democrats today were assured a place on Georgia's presidential ballot but they lost, temporarily at least, the advantage of a listing as regular Democrats in Louisiana.

A special Georgia legislative session completed action on an election reform bill opening the presidential ballot to all candidates except communists. The action was unanimous.

The net effect was to help states' rights. Democrats, Republicans and Progressives already had taken steps to appear on the ballot.

Georgia voters thus will get a free hand but there is no guarantee that their choice will receive the state's 12 electoral votes. Dominant legislative forces of Governor-Nominee Herman Talmadge refused to pledge presidential electors to vote for their party nominees.

Plan Increase Of 'Cold Rubber' Output In America

Washington, Oct. 1—(AP)—The reconstruction finance corporation announced a \$3,500,000 program today to step up the production of "cold rubber," which it said offers about 50 per cent longer mileage in tire tread.

The new synthetic is produced at temperatures approaching the freezing point of water. The expansion program entails installing refrigerating equipment in eight government-owned synthetic rubber plants.

The material already is being produced in four plants, at the rate of about 21,000 long tons a year. When the expansion program is completed, production is expected to rise to 183,000 long tons.

RFC officials said the "cold rubber" costs no more to make than the regular synthetic product, which is produced at about 125 degrees Fahrenheit. Both kinds are sold to industry for 18 cents a pound.

An official of the big government lending agency said he had been informed that at least one tire company is ready to advertise tires with "cold rubber" tread. About six pounds of rubber is required for the tread of the most popular size passenger tire.

Murray Protests Blacklist Of CIO At Atomic Plants

Washington, Oct. 1—(AP)—CIO President Philip Murray today protested to the Atomic Energy commission the blacklisting of two CIO unions at atomic plants.

Murray, in a letter to Chairman David E. Lillenthal of the Atomic Energy commission, urged that the agency reconsider its action.

The unions involved are the United Electrical Workers and the United Public Workers. The order barring them from recognition by the managements of atomic plants was issued Wednesday by the Atomic Energy commission. Lillenthal, commission chairman, said that information is available in each case concerning "alleged communist affiliation or association" of certain union officers.

Lillenthal also noted that officers of the two unions had declined to sign non-communist oaths under the Taft-Hartley law.

CIO President Murray in his protest today reminded Lillenthal that "the constitutionality of this section of the Taft-Hartley law is now being litigated and will probably be passed on by the supreme court of the United States at its October term."

Superior Judge Rules On Illinois Cigaret Taxation

Chicago, Oct. 1—(AP)—Two Chicago judges, acting in separate cases, today held that Illinois smokers need not pay taxes to the State of Illinois on cigarettes purchased for their own consumption outside the state.

An injunction restraining the state from collecting a three-cent package tax on cigarettes bought from out of state dealers was issued by Superior Judge Frank M. Padden.

Earlier, Circuit Judge Cornelius H. Harrington ruled that a section of Illinois' cigarette tax act is void. That section defines as a distributor any person who imports 10 or more cartons of cigarettes a year.

Judge Harrington said that portion of the act was unconstitutional because it sets up a presumption that any person bringing in more than 10 cartons from outside the state is a distributor.

"A statute which imposes a tax upon an assumption of fact which the taxpayer is forbidden to controvert is so arbitrary and unreasonable that it can stand under no 14th Amendment," he ruled.

VETERAN BONUS CHECKS

Chicago, Oct. 1—(AP)—Veterans' bonus checks were mailed to 3,800 more Illinois claimants yesterday, the Illinois Service Recognition board announced today. Their total value was \$1,301,941.28.

That brings the total checks mailed to Cook county veterans to 359,999, and to downstate veterans to 365,399, with a combined value of \$269,577,374.89.

Two Girls Die In New Jersey Train Disaster

Trenton, N. J., Oct. 1—(AP)—Two girls were killed and two other persons seriously injured today when a Reading railroad one-car train overturned and caught fire near here.

State Police Trooper Robert Betz identified the dead as Miss Ellen Hughes, 19, and her sister, Equilla, 13, of Skillman. He said the Negro girls were trapped in the blaze despite the efforts of their mother, Mrs. Puritan Hughes, 39, to save them. Mrs. Hughes was shaken up but escaped.

The Reading Co. said the only other passenger on the gas-propelled type train was Mrs. Nellie Phillips, 65, of Belle Mead.

She and the engineer, Alexander Thompson, 64, of Newton, Pa., were taken to Mercer hospital in serious condition.

Stevenson Says Green Established 'Payroll Paradise'

Joliet, Ill., Oct. 1—(AP)—Adlai Stevenson said today Governor Dwight Green "has established a payroll paradise" in Illinois.

Stevenson, a Democrat, is seeking to unseat the Republican Green in the November election. He addressed a rally in Joliet.

"I have challenged Payroll Pete to reveal the payroll figures," Stevenson said. "Instead he says the issue is honesty in government and boasts of his economical administration."

"Actually, I doubt if he could tell us accurately even if he wanted to. The payroll is moving so fast nobody knows how many are aboard."

Stevenson declared Governor Green "is hiding behind Tom Dewey."

"I very much doubt if Green can make himself small enough, or Dewey can make himself big enough, to fool anyone," he said.

Radio Student At Scott Field Beaten To Death

Belleville, Ill., Oct. 1—(AP)—A nineteen-year-old radio student was beaten to death in an orderly room at nearby Scott Air Force base early today and a former soldier at the base was arrested tonight at his home in Springfield, Ill., for the slaying.

The slain youth was identified by base officers as Cpl. Charles L. Johns of Fort Myers, Fla. The man arrested was identified by Sheriff Adolph A. Fischer of St. Clair county as Franklin R. Schoenfeld, recently discharged at the base. Deputies were en route to Springfield to return Schoenfeld to Belleville.

No motive for the killing has been established, the sheriff said. Johns was beaten about the head, apparently with a grating from a stove. He was found bleeding and semi-conscious on an orderly room cot. He was unable to make a statement before he died.

Johns, son of Mrs. Evelyn Johns of (209 Market) Fort Myers, had been a student at the base for about six months.

Cite 11 Present, Ex-CIO Members For Contempt

Schenectady, N. Y., Oct. 1—(AP)—Congressional investigators today asked that 11 present and former members of the CIO United Electrical Workers union be cited for contempt of Congress.

The action by the House labor subcommittee followed two days of often-turbulent hearings on reported communist control of the union's Local 301. All eleven refused to say whether they are or ever were members of the communist party.

The local claims membership of 15,000 production workers at General Electric's big parent plant here. Chairman Charles J. Kersten (R-Wis.) explained his subcommittee's action was, in effect, a recommendation that the 11 persons be cited by the full House labor committee. He added that the full committee usually confirms subcommittee action.

Assails U.S. In Two Hour U.N. Speech

Paris, Oct. 1—(AP)—Russia's Andrei Y. Vishinsky bitterly attacked President Truman and Gov. Dewey today on the atomic issue and hinted twice the United States no longer has a monopoly on the deadly bomb.

The Soviet deputy foreign minister accused the United States of having atomic "war aims," and also struck at David E. Lillenthal, chairman of the United States Atomic Energy Commission. He called statements by Truman, Dewey and Lillenthal "a shame."

The American delegation announced that John Foster Dulles, a U.N. delegate and foreign affairs adviser to Dewey, would fly to New York Sunday at the suggestion of the Republican presidential candidate for conferences on American-Russian relations.

Vishinsky spoke for two hours before the United Nations assembly's 58-nation political committee. That group is debating the failure of Russia and the western powers to agree on international control of atomic energy.

U.S. delegate Warren R. Austin took extensive notes on the Russian speech but said he would not reply immediately. A British minister of state Hector McNellie declared:

"We do not know whether Russia has the atomic bomb or not. Everyone knows the United States is ready to give her know-how to the rest of the world."

He said he would not know whether Russia has the atomic bomb or not. Everyone knows the United States is ready to give her know-how to the rest of the world.

"We must make it plain to the whole world who is to blame not only for robbing mankind of the potential benefits of atomic energy but of threatening mankind with all the consequences of the atomic bomb. We have the obligation to tell the world, for we cannot tell the world afterwards if there is no world left, why the use of the atom was not controlled."

Vishinsky said President Truman described the atomic bomb demonstrated at Eniwetok as an improved model which marked progress over the bomb exploded at Hiroshima in Japan. He shouted:

"Apparently the president of the United States described as progress how a bomb which will kill half a million people. That is what they call progress."

Turning to Dewey, he said the Republican presidential candidate in a speech at Phoenix, Ariz., declared America has exclusive possession of atomic secrets.

Vishinsky quoted Lillenthal was saying the United States wants to prolong its monopoly on atomic energy as long as possible.

Railroads Ask Government For Boost In Rates

Washington, Oct. 1—(AP)—The nation's railroads today asked the government to let them boost freight rates eight per cent.

This would cost shippers an extra \$72,500,000 a year but the railroad industry says it badly needs these added millions to meet soaring operating costs.

Carriers contend the 25 per cent freight rate increase granted them by the Interstate Commerce commission earlier this year—on July 29—was not enough.

Today they asked a flat eight per cent increase on everything except fresh fruit, vegetables, lumber, sugar, coal, coke and iron.

The rate increase on these items would depend on the distance shipped. On short hauls, the boost would be around eight per cent; on long hauls, less.

Specific dollar and cents maximum rates were proposed to cover these items:

Fresh fruits and vegetables—maximum increase (on short hauls) of eight cents per 100 pounds.

Lumber and sugar—five cents per 100 pounds.

Coal and coke—30 cents a ton, net or gross, with the exception that no advance be made on iron ore moved to upper Great Lakes ports for shipment by water.

Iron ore—25 cents a ton, net or gross, with the exception that no advance be made on iron ore moved to upper Great Lakes ports for shipment by water.

LET'S SALUTE AN IMPORTANT FELLOW—YOUR NEWSPAPER BOY

The American year is full of all sorts of "weeks" and "days." Their sponsors may ask the public to support worthy causes or contribute to them. They may request it to be kind to mothers-in-law or to dunk more doughnuts. Some of these we go for, some we don't. But we're heartily in favor of the idea of giving a pat on the back to the country's newspaper boys—including our own—on National Newspaper Boy Day, October 2.

As the link between a newspaper and its readers, these boys have a highly important job. However hard a staff may try to put out the very best newspaper it can, the effort doesn't mean a thing unless the reader gets his paper on time and without inconvenience. It's up to the carrier to see that he does.

So the newspaper boy has a real responsibility. It is not always easy to fulfill, for vacation days and before and after-school hours are beset with temptation for any normal youngster. But even though the job may seem an awful chore at times, we don't recall any ex-newspaper boy of our acquaintance who thinks today that his early introduction to responsibility was harmful.

The ranks of the successful must have a good portion of men who learned the elements of business, and the obligation to give dependable performance for money earned, and the ability to meet the adult world on more or less of an even basis, in the days when they were delivering papers. We know that there are a good many such men in the newspaper business.

The youngster who comes walking or cycling down your street with a sack full of papers is more than just a kid with a pin-money job. He plays a leading part in keeping the American people the best and most fully informed people in the world. The U. S. has about a half-million such boys.

The newspaper industry realizes its dependence on the reliability and industry of these half-million boys. It appreciates the fine job that they do. That is why it is promoting a day to salute its youngest colleagues, and asking the public to join in.

So when your carrier boy goes by on his route, why not give him a word of thanks? He's more than a neighborhood kid. He is a young businessman, an indispensable member of an indispensable profession. And like most of the rest of us, he likes a word of praise now and then.

Dennis Hull, 88, Dies At Home Here Friday Morning

Dennis Hull, a retired carpenter, died Friday at 12:45 a. m. at his residence, 402 Caldwell street.

Mr. Hull was the son of Charles and Nancy Pulliam Hull and was born at Kinderhook on Sept. 1, 1860. His marriage to Ida Finchum took place on Feb. 13, 1898, in Nettleton, Ark.

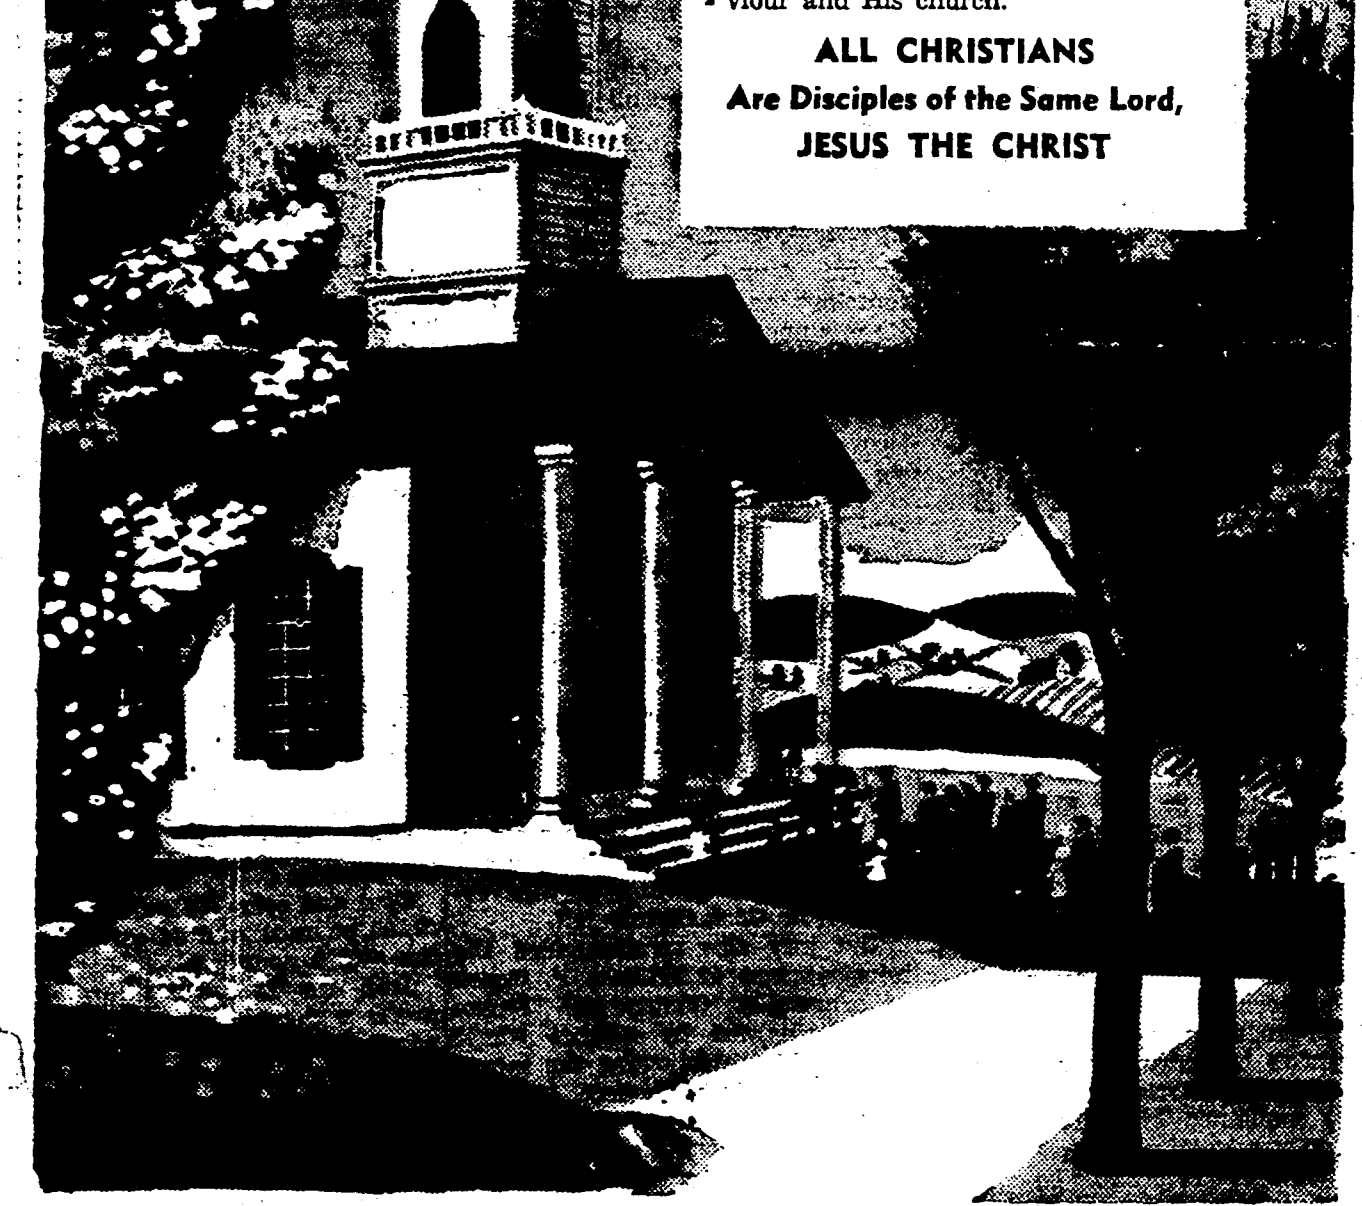

For the past 47 years, Mr. Hull had made his home in this city. He was a member of the Carpenters Union, No. 904, and was carpenter at the Illinois School for the Deaf for 30 years.

Surviving are his wife; one son, J. Russell Hull of Des Moines, Ia.; three daughters, Miss Charlotte Hull and Mrs. Elmer Middendorf, both of this city, and Mrs. Eugene O'Sullivan of St. Louis, Mo.; and three grandchildren, Beverly, Lynda and Karen Middendorf.

The body is at the Gillham Funeral Home, where funeral rites will be held Sunday at 2 p. m. with the Rev. William J. Boston officiating. Burial will be in Memorial Lawn cemetery.

The family will meet friends at the funeral home Saturday from 7 to 9 p. m.

Naval Reserve Commissions To Be Given Cadets

The navy is offering Naval Reserve commissions to young men between the ages of 18 and 25 through participation in the Naval Aviation Cadet Program.

To be eligible, applicants must be native-born or naturalized citizens, must have reached the 18th but not the 25th birthday at the time of joining, must have completed at least two full academic years at an accredited college, university or junior college, must be unmarried until commissioned, and must pass a physical and flying aptitude examination.

Candidates for the Naval Aviation Cadet Program enlist in the Naval Reserve, and agree to serve a total of four years on active duty. This includes approximately 18 months of flight training and a period of service with the operating forces. At the successful completion of flight training, candidates are commissioned either as Ensigns in the Naval Reserve or as 2nd Lieutenants in the Marine Corps Reserve.

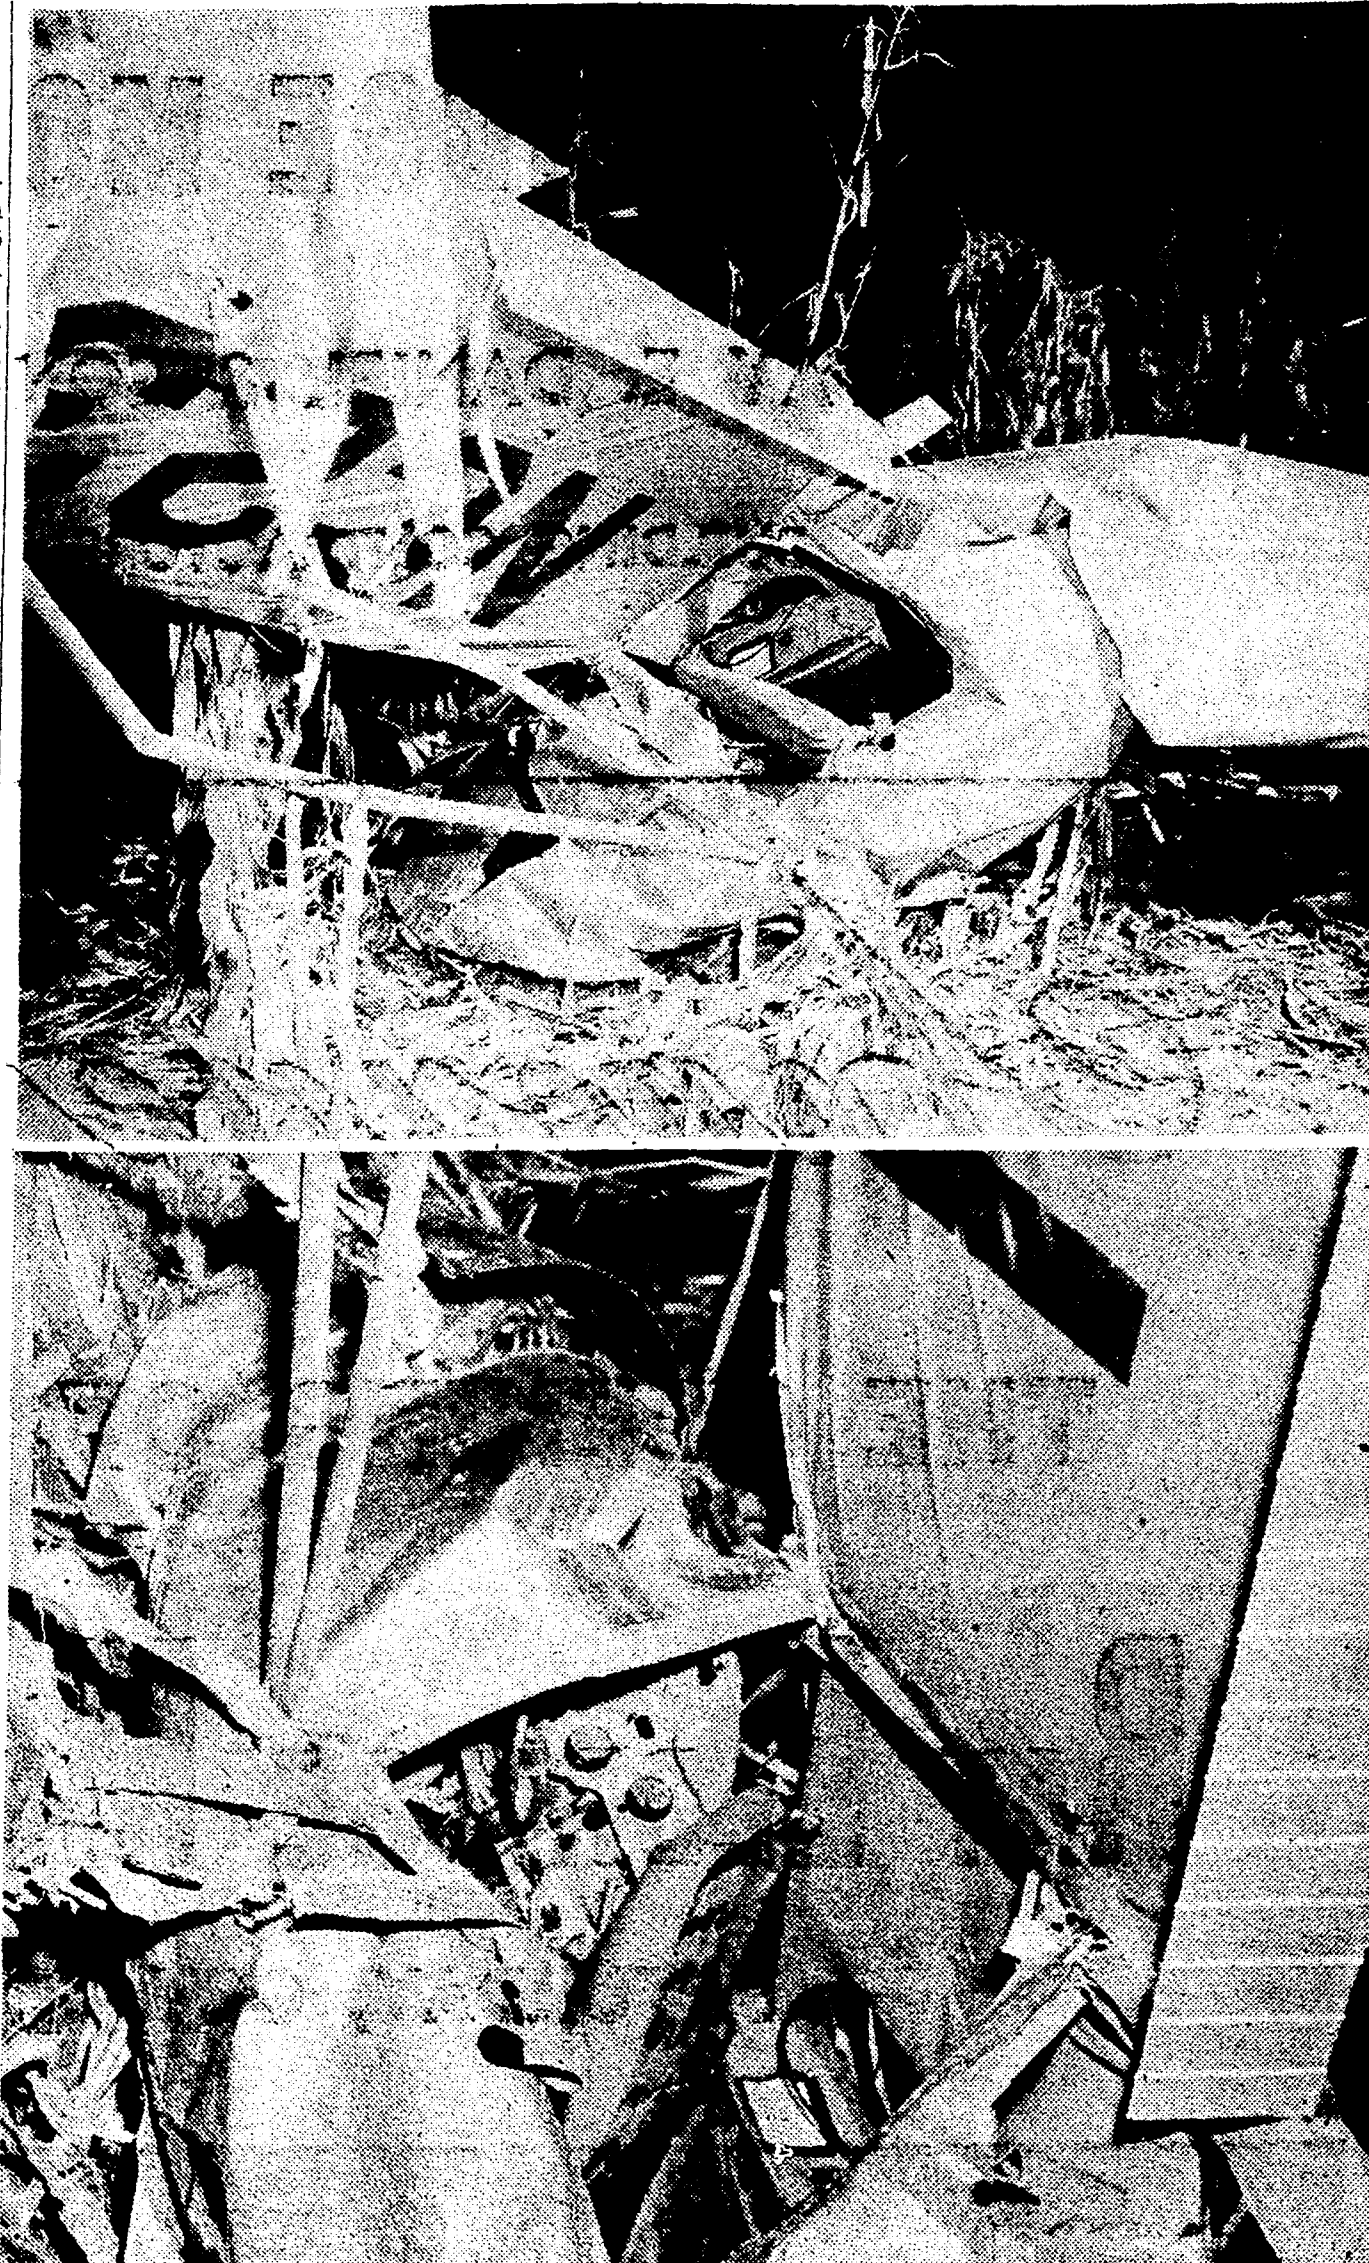

Naval Aviation Cadets are eligible for selection for transfer to the Regular Navy, after completion of eighteen months of active commissioned service, in such numbers as may be required to meet the needs of the service.

An aviation cadet receives \$75.00 monthly, board, lodging and uniforms. A \$10,000 life insurance policy is also provided by the government. Minimum pay and allowances for an unmarried Ensign or 2nd Lieutenant Pilot amounts to \$290.00 per month.

Information concerning the Naval Aviation Cadet Program may be obtained from any Naval Air Station or Navy Recruiting Office.

Lt. Delbert Smith and Lt. Marvin L. Claude will be at the Springfield federal building next Tuesday afternoon and all day Wednesday to interview candidates. Lt. Claude was a visitor Friday in Jacksonville, at which time he said a number of local men probably will be interested in obtaining commissions.

Wreckage In Which Two Fliers Died

Almost hidden in a corn field on the Paul farm south of Jacksonville, the wreckage of an airplane was found by searchers early Friday morning. In the shattered plane were the bodies of Ron Hoffman, a mechanic at the Jacksonville airport, and Paul Keenan of Alexander, who took off for a night flight about 10 p. m. Upper photo is a general view of the ill-fated craft which buried its nose in the soft earth of the field. Lower photo is a closeup of the cockpit. Clipped corn stalks indicated that the plane was traveling north at the time it plunged to earth. Hoffman's body was still in the seat at the left side of the wreckage. Keenan's safety belt was broken by the impact. He was thrown past Hoffman, face-down amid the debris. Both men probably died instantly from crushing internal injuries.

Scouts Help Mail Community Chest Drive Literature

The local Girl and Boy Scouts have started their service to the Community Chest Campaign by helping stuff letters and putting up Community Chest posters.

Girl Scouts of Troop No. 37, South Jacksonville with Mrs. Paul Schildman as leader, Troop No. 10 from Our Saviour, with Mrs. Charles Henry and Troop No. 1 from the Illinois School for the Deaf with Miss Francis Frisch as leader have given many hours of service in behalf of the Community Chest Campaign by helping with the mailing, stuffing and folding letters and putting on stamps so that they would be ready to mail on time.

Boy Scouts of Troop No. 103 of the Centenary Methodist church reported to put up Red Feather posters and to help with Fire prevention Week information.

Local Boy Scouts will report Saturday morning to the Scout office to deliver Community Chest cards and posters to the downtown stores and places of business.

The Community Chest campaign will get under way the first of the week. The Girl and Boy Scouts are two of the agencies that are supported by the Community Chest.

Political Row Lands Two Men In Jersey Jail

Jerseyville—A political argument during the wee hours of Wednesday night landed two local men in the county jail, Thursday morning.

The two had been spending the night with relatives in the northwestern part of the city, when the declaration of political beliefs was made and resented. Other occupants of the same tenement and adjoining premises fled from the locality as the battle waxed hot and a hatchet was introduced into the argument.

Sheriff C. E. Wedding reported after arresting the two that the house where the fight occurred was covered with blood. The heads of both men were battered and covered with blood. Wedding stated that the two had been drinking before they became politically interested in the country's welfare, and started a fight.

Gailly's Olympic Loss Recalls 1908 Story

By Harry Grayson
NEA Sports Editor

London — (NEA) — "Could be the Dorando story all over again," said Dink Templeton, long-time Stanford track coach, as we stood on the veranda, and watched Etienne Gailly fight his way down the lane of people lining Olympic Way.

The poor Belgian obviously was on his last legs, but he staggered into Empire Stadium, and I guess little Dorando Pietri will live in memory forever.

Old-timers will recall, and the Johnny-Come-Latelys have heard of the Capri candymaker who 40 years ago in another Olympic games stumbled into another London arena, turned the wrong way, and finally, at the end of the 26 miles and 385 yards, was lifted across the line by a British official. Dorando was disqualified in favor of Johnny Hayes, but subsequently beat the plodding American in the United States.

Two passed Gailly, as, on rubber legs he fought his way around the one lap he was required to make in the stadium. Across the line he collapsed, and then we had Dorando again.

The newspaper, The People, dug him up. Sitting in the stand waiting to be asked to meet the winner was

a man from Birmingham, England, not Alabama, who said he was the stickiest character of the most exciting marathon ever run.

But this Dorando Pietri, a restaurant proprietor, was ignored by the Italian Olympic team. As a matter of fact, Count Alberto Bonacossa, Italy's representative, branded him a fake.

"The real hero of the 1908 marathon is buried in Italy," he said.

Yet only two months ago the cafe keeper of Birmingham was feted and written about throughout Great Britain as the runner who collapsed and fell repeatedly in the last few yards of the Olympic marathon here in 1908.

The death in 1942 at San Remo, Italy, of another Dorando Pietri was confirmed by the newspaper Living at San Remo is his widow, Teresa Pietri.

"The other Dorando Pietri was my step-brother," said the Dorando who wandered among the 82,000 people in Empire Stadium. "I was born Pietro Palleschi, but really I am Dorando Pietri. My step-brother and I both raced in the 1908 marathon. He changed his name to Tormos.

"I won and he came in 14th, but I let him take the credit for my success to help him. When he went home to San Remo I gave him my cup—the gold one your Queen Alexandra gave me as a consolation prize.

Phillies' Farm System Beginning To Produce

Philadelphia — (NEA) — While much is told of the far-flung farm systems of the Cardinals and Dodgers, the bonus-happy Phillies are building for the future with a junior team of their own.

Flourishing as even the fabled green bay trees, the Phillies fledgling farm system is fairly popping with promising young sprouts who in the near future threaten to make the hitherto lowly Phillies a club to be feared throughout the circuit.

Scattered through their chain of 15 subsidiary teams, the Quakers have a score of husky kid infielders, catchers and outfielders who are batteing minor league pitching for batting averages well above the .300 mark. They have a dozen pitchers who are hardly more than another year away from a serious trial in the big time.

And in Eddie Sawyer, who recently succeeded Ben Chapman, they have the manager who has proved himself an extraordinary developer of youthful talent. For instance, he developed at Kids last year, the famed Whiz Kids—Richie Ashburn, the "find" of the season; Granville Hamner and Ralph Caballero.

Typical of the youngsters who will come up to the Phils next year and the succeeding ones is Willie "Puddin'head" Jones. A Southern boy, signed when he came out of the service a couple of winters ago, Willie was farmed to Terre Haute last season.

He burned up the Three Eye League, was graduated to Toronto, skipping two grades in moving from Class B to Triple A company; is now recognized as the best third-baseman in the International League.

It has long been held—a theory borne out by the records—that a farm system has to be at least five years old before it starts producing players. The one conducted by the Phils and headed by lean and angular Joe Reardon, lopped a year off that accepted span.

When it was ready to turn over the aforementioned Ashburn, Hamner and Caballero, plus Curt Simmons at the end of last season, the farm system had been in existence only four years. And this year, with the season nearing the half-way mark, it produced yet another kid star—pitcher Robin Roberts, Michigan State alumnus who started his first pro season with the Wilmington Blue Rocks in May, had a grand record when recalled.

To mention some of the bright young hopefuls the Phillies enthusiastically hold for future reference in addition to Puddin'head Jones are: at Toronto, catcher Stan Lopata, outfielder Eddie Sanicki and right-hand Pitcher Emory "Bubba" Church.

They also have with Utica no less than five pitching prospects. These include right-handers Max Peterson, Homer Spragins, Arthur Hartley and Leo Christante and left-hander Dick Koehler.

On their Wilmington nine, the Phils' official family have high regard for Jack Werner, a 300-hitting catcher; third baseman Don Hasenmayer and first baseman Mike Goliat. The Blue Rocks also harbor Hugh Frank Radcliffe, the Thomas-

Newsboy Is Firm With Russians-- They Pay Up

San Francisco, Oct. 1.—(AP)—So you want to know how to deal with the Russians? Here's how Jimmy Allen, 13, a newsboy, did it—for \$125 cash. Jimmy, no believer in lend lease, rapped on the door of the house which Soviet Consul General Konstantin Efremov closed here last night to return to Russia.

"I want my money," the boy informed an aide who poked his head out of the front door. The door slammed.

Jimmy withdrew to a prepared position—the sidewalk where he could watch front and side doors.

An hour passed and then Efremov, his wife and four associates came out of the 30-room consulate and made for two cars. Jimmy advanced.

"I want my money for the newspapers," he said.

Efremov stopped short and regarded Jimmy.

"How much?"

"One buck, two bits."

The consul general motioned to an aide. The man pulled out his wallet. Jimmy got his money.

RALLY DAY TO BE OBSERVED SUNDAY AT GRACE CHURCH

Rally Day will be observed in all the departments of Grace Methodist church Sunday morning, beginning with Sunday school at 9:30 o'clock at which time the newly-organized orchestra will play a selection of favorite hymns. John L. Conant will be in charge of the Sunday school service. Two services will follow at 10:45, one in the chapel and the other in the auditorium. At 5 o'clock, youth meetings for Juniors will be held in the basement of the church. At 6:30 o'clock, the high school youth will meet for a devotional service, followed by the showing of the motion picture "Is Forgiveness Practical?" A social hour will follow, with refreshments being served at the close.

Eight Volunteers Needed For Girl Scout Management

The Girl Scout office, located on the second floor of the Gibson Building, has sent out an appeal to the community for eight local women to act as troop leaders.

There are at present eight Girl Scout troops unable to carry on their work because they are without leadership. There are many other girls between the ages of 7 and 17 who would like to become Girl Scouts but cannot, due to the shortage of leaders.

Beginning Tuesday, Oct. 7, the Girl Scout council will sponsor a training course for new leaders. Women who are 21 years of age or older, and who are sincerely interested in the present and future welfare of the youth of our community, are asked to register at the Scout office for this training course.

Adequate Winter Food, Fuel Stocks Assured Berliners

Berlin, Oct. 1.—(AP)—Berliners took heart today in a Western Allied promise that they will have adequate stocks of air-borne food and coal this winter.

Col. Frank L. Howley, U. S. commandant in Berlin, said the American-British airforce is defeating the Soviet blockade of the capital and that food and fuel supplies are being increased daily for the 2,000,000 residents of western Berlin.

Howley conceded that "I can see a cold winter ahead for Berlin," when he spoke at a news conference yesterday on the 100th day of the blockade.

He added, however, that "the air-lift has been more than meeting Berlin's minimum requirements."

He explained that when the United States and Britain began shuttling food and fuel into Berlin from the western zones June 26, there was food on hand for 34 days. Now there is food for 39 days. There is now a 48-day supply of flour, the most essential food item, on hand as compared to 25 days at the start.

And the planes have even gained some ground on the coal supply. An average of 2,300 metric tons of coal is being flown into Berlin every day, Howley said, while the planned consumption is only about 2,100 metric tons.

Gailly's Olympic Loss Recalls 1908 Story

By Harry Grayson
NEA Sports Editor

London — (NEA) — "Could be the Dorando story all over again," said Dink Templeton, long-time Stanford track coach, as we stood on the veranda, and watched Etienne Gailly fight his way down the lane of people lining Olympic Way.

The poor Belgian obviously was on his last legs, but he staggered into Empire Stadium, and I guess little Dorando Pietri will live in memory forever.

Old-timers will recall, and the Johnny-Come-Latelys have heard of the Capri candymaker who 40 years ago in another Olympic games stumbled into another London arena, turned the wrong way, and finally, at the end of the 26 miles and 385 yards, was lifted across the line by a British official. Dorando was disqualified in favor of Johnny Hayes, but subsequently beat the plodding American in the United States.

Two passed Gailly, as, on rubber legs he fought his way around the one lap he was required to make in the stadium. Across the line he collapsed, and then we had Dorando again.

The newspaper, The People, dug him up. Sitting in the stand waiting to be asked to meet the winner was

a man from Birmingham, England. Not Alabama, who said he was the stickiest character of the most exciting marathon ever run.

But this Dorando Pietri, a restaurant proprietor, was ignored by the Italian Olympic team. As a matter of fact, Count Alberto Bonacossa, Italy's representative, branded him a fake.

"The real hero of the 1908 marathon is buried in Italy," he said.

Yet only two months ago the cafe keeper of Birmingham was feted and written about throughout Great Britain as the runner who collapsed and fell repeatedly in the last few yards of the Olympic marathon here in 1908.

The death in 1942 at San Remo, Italy, of another Dorando Pietri was confirmed by the newspaper, Living at San Remo is his widow, Teresa Pietri.

"The other Dorando Pietri was my step-brother," said the Dorando, who wandered among the 82,000 people in Empire Stadium. "I was born Pietro Palleschi, but really I am Dorando Pietri. My step-brother and I both raced in the 1908 marathon. He changed his name to Dorando."

"I won and he came in 14th, but I let him take the credit for my success to help him. When he went home to San Remo I gave him my cup—the gold one your Queen Alexandra gave me as a consolation prize."

"The pacemaker (they had them on bicycles those days of the real

Dorando was Signor Pirelli, now in Rome," said Signor Formigoni, an Italian in London. "He went back to Italy with him, was present at his funeral in 1942, and I can't believe he was fooled by this exchange."

"I have forgotten who was my pacemaker," replied Birmingham's Dorando. "Perhaps it was Pirelli."

"But the other Dorando and I were alike as twins, which explains this confusion."

Records of the 1908 marathon show that the bloke who ran 14th was E. Barnes of Great Britain. There is no mention of a gink called Tornros. A. G. Tornros was 22nd. He was a Swede, which a lot of Englishmen now suspect Birmingham's Dorando is.

Making the 1948 marathon even more dramatic was 23-year-old Ted Vogel of Tufts finishing back of the first 10 while the decathlon winner, Big Bob Mathias, was getting his gold medal, and the band was again playing the well-thumbed Star Spangled Banner.

Young Vogel ran around the enclosure, finished, and stood at attention on Leon Errol legs.

Imagine that. Running 26 miles, 385 yards, and having to stand at attention at the wind-up.

Births

Twin daughters were born to Mr. and Mrs. Henry VanTuyke of rural route three, Roodhouse, Thursday at Passavant hospital. The first child was born at 11:45 a. m. and the other at 11:57 a. m. Both weighed six pounds, four ounces.

Mr. and Mrs. Dale Jackson, also of Roodhouse, are parents of twin daughters born Thursday at 7:40 p. m. and 8:30 p. m. at Our Saviour's hospital. Their weights were five pounds, eight and one half ounces, and five pounds, ten and one half ounces.

A son was born Friday at 9:43 a. m. at Passavant hospital to Mr. and Mrs. Merle Lomello, 327 E. Beecher avenue.

Mr. and Mrs. A. Harold Mason of Manchester are parents of a daughter weighing eight pounds, 11 and one half ounces born Friday at 6:35 a. m. at Our Saviour's hospital.

Mr. and Mrs. Clifford Jones of Bluffs are parents of a son born Friday at 5:25 a. m. at Our Saviour's hospital. The infant weighed six pounds, nine and one half ounces.

Word has been received by Mr. and Mrs. George Oetle of Meredosia that a son was born to Sgt. and Mrs. Harry Gerecke in New York. Mrs. Gerecke was the former Margaret Oetle of Meredosia.

HONG KONG TB INCREASES

Hong Kong — (AP) — Deaths due to tuberculosis were on the increase here last month, statistics show. Of 172 registered deaths in the colony, 13.6 per cent were directly attributable to this cause. This represents an increase of 8 per cent over the average for the first half of this year. All but 13 of the deaths were among Chinese. The birth rate, however, was three times the death figure. There were 3,900 new babies, of whom only 65 were non-Chinese.

MRS. ROYDEN J. KEITH
The national and state presidents of the Federation of Music clubs, Mrs. Royden J. Keith and Mrs. Charles A. Pardee, respectively, will be in this city Saturday and Sunday for the federation meetings, which are to be held at MacMurray college.

The officers will be taken on a tour of the city Saturday afternoon and will be especially honored at a tea Sunday afternoon.

Eight Volunteers Needed For Girl Scout Management

The Girl Scout office, located on the second floor of the Gibson Building, has sent out an appeal to the community for eight local women to act as troop leaders.

There are at present eight Girl Scout troops unable to carry on their work because they are without leaders. There are many other girls between the ages of 7 and 17 who would like to become Girl Scouts but cannot, due to the shortage of leaders.

Beginning Tuesday, Oct. 7, the Girl Scout council will sponsor a training course for new leaders. Women who are 21 years of age or older, and who are sincerely interested in the present and future welfare of the youth of our community, are asked to register at the Scout office for this training course.

Adequate Winter Food, Fuel Stocks Assured Berliners

Berlin, Oct. 1 — (AP) — Berliners took heart today in a Western Allied promise that they will have adequate stocks of air-borne food and coal this winter.

Col. Frank L. Howley, U. S. commandant in Berlin, said the American-British airforce is defeating the Soviet blockade of the capital and that food and fuel supplies are being increased daily for the 2,000,000 residents of western Berlin.

Howley conceded that "I can see a cold winter ahead for Berlin," when he spoke at a news conference yesterday on the 100th day of the blockade.

He added, however, that "the air-lift has been more than meeting Berlin's minimum requirements."

He explained that when the United States and Britain began shuttling food and fuel into Berlin from the western zones June 26, there was food on hand for 34 days.

Now there is food for 39 days. There is now a 48-day supply of flour, the most essential food item, on hand as compared to 25 days at the start.

And the planes have even gained some ground on the coal supply.

An average of 2,300 metric tons of coal is being flown into Berlin every day, Howley said, while the planned consumption is only about 2,100 metric tons.

Former Local Resident Dies At Hospital Here

Mrs. Cordelia Strowmatt, a former resident of Jacksonville, died Friday at 5:30 a. m. at Our Saviour's hospital, where she had been a patient for the past two months.

A native of Morgan county, Mrs. Strowmatt was born on July 27, 1888, the daughter of Melvin and Mollie Gunn Lumsten. She was united in marriage with Lonnie Strowmatt on March 24, 1906, in Jacksonville.

Surviving are her husband, two brothers, Edward Lumsten of Winchester and Bert Lumsten of this city, and one sister, Mrs. Edward Strowmatt of Roodhouse.

The body was taken to the Mackey Funeral Home in Roodhouse and later removed to the family residence, east of Roodhouse.

Funeral services will be held Sunday at 2 p. m. at the Richwoods church, with the Rev. Leo Crossman officiating, assisted by the Rev. Ollie Phillips. Interment will be in Memorial Lawn cemetery.

Roosevelt Rites To Be Private

Oyster Bay, N. Y., Oct. 1 — (AP) — Private funeral services for Mrs. Theodore Roosevelt, 87-year-old widow of the 26th president, will be held tomorrow in Christ Episcopal church.

The hour of the service was not revealed. Mrs. Roosevelt died yesterday in the family home, Sagamore Hill. She will be buried beside her husband in Young's memorial cemetery, a few miles from Sagamore Hill.

Phillies' Farm System Beginning To Produce

Philadelphia — (NEA) — While much is told of the far-flung farm systems of the Cardinals and Dodgers, the bonus-happy Phillies are building for the future with a junior network of their own.

Flourishing as even the fabled green bay trees, the Phillies' fledgling farm system is fairly popping with promising young sports who in the near future threaten to make these lumbering Philly Phillies a club to be feared throughout the circuit.

Scattered through their chain of 15 subsidiary teams, the Quakers have a score of husky kid infielders, catchers and outfielders who are batting minor league pitching for batting averages well above the .300 mark. They have a dozen pitchers who are hardly more than another year away from a serious trial in the big time.

And in Eddie Sawyer, who recently succeeded Ben Chapman, they have the manager who has proved himself an extraordinary developer of youthful talent. For instance, he developed at Utica last year, the famed Whiz Kids—Richie Ashburn, the "find" of the season; Granville Hamner and Ralph Caballero.

Typical of the youngsters who will come up to the Phils next year and the succeeding ones is Willie "Puddin'head" Jones. A Southern boy signed when he came out of the service a couple of winters ago, Willie was farmed to Terre Haute last season.

He burned up the Three Eye League, was graduated to Toronto, skipping two grades in moving from Class B to Triple A company; is now recognized as the best third-baseman in the International League.

It has long been held—a theory borne out by the records—that a farm system has to be at least five years old before it starts producing players. The one conducted by the Phils and bossed by lean and angular Joe Reardon, lopped a year off that accepted span.

When it was ready to turn over the aforementioned Ashburn, Hamner and Caballero, plus Curt Simmons at the end of last season, the farm system had been in existence only four years. And this year, with the season nearing the half-way mark, it produced yet another kid star—pitcher Robin Roberts, Michigan State alumnus who started his first pro season with the Wilmington Blue Rocks in May, had a grand record when recalled.

To mention some of the bright young hopefuls the Phils enthusiastically hold for future reference in addition to Puddin'head Jones are: at Toronto, catcher Stan Lopata, outfielder Eddie Sanicki and right-hand Pitcher Emory "Bubba" Church.

They also have with Utica no less than five pitching prospects. These include right-handers Max Peterson, Homer Spragins, Arthur Hartley and Leo Christante and left-hander Dick Koecher.

On their Wilmington nine, the Phils' official family have high regard for Jack Werner, a 300-hitting catcher; third baseman Don Hasenmayer and first baseman Mike Goliat. The Blue Rocks also harbor refreshments being served at the close.

ton, Ga., boy whom the Phils acquired by the simple device of giving him a small fortune.

And so it goes. . . . They have a boy pitcher by name of Carl Kolosna, up in Portland, Me., who at last accounts had won 16 and lost but 2. Carl was signed personally by Eddie Sawyer as an outfielder!

The Phillies' farm system extends from across the Canadian border, in Toronto, down through the New England League, the Pony League, Canadian-American, the Inter-State and through the South as far as the Evangeline League. It swings west through the Three Eye, Wisconsin State, Western Association to the Far West League.

The Phillies firmly believe that from these teams will come the players who in a couple of years will have them battling for the pennant. The race for youth is on.

Newsboy Is Firm With Russians--They Pay Up

San Francisco, Oct. 1 — (AP) — So you want to know how to deal with the Russians? Here's how Jimmy Allen, 13, a newsboy, did it—for \$125 cash. Jimmy, no believer in lend lease, rapped on the door of the house which Soviet Consul General Konstantin Efremov closed here last night to return to Russia.

"I want my money," the boy informed an aide who poked his head out of the front door. The door slammed.

Jimmy withdrew to a prepared position—the sidewalk where he could watch front and side doors. An hour passed and then Efremov, his wife and four associates came out of the 30-room consulate and made for two cars. Jimmy advanced.

"I want my money for the newspapers," he said.

Efremov stopped short and regarded Jimmy.

"How much?"

"One buck, two bits."

The consul general motioned to an aide. The man pulled out his wallet. Jimmy got his money.

RALLY DAY TO BE OBSERVED SUNDAY AT GRACE CHURCH

Rally Day will be observed in all the departments of Grace Methodist church Sunday morning, beginning with Sunday school at 9:30 o'clock, at which time the newly-organized orchestra will play a selection of favorite hymns. John L. Conant will be in charge of the Sunday school service. Two services will follow at 10:45, one in the chapel and the other in the auditorium. At 5 o'clock, youth meetings for Juniors will be held in the basement of the church. At 6:30 o'clock, the high school youth will meet for a devotional service, followed by the showing of the motion picture "Is Forgiveness Practical?" A social hour will follow, with refreshments being served at the close.

I.C.'s Might Too Much For Principia Eleven; Hosts Take 25-0 Win

It was a new and satisfyingly different Illinois college grid machine which Coach Al Miller uncovered before the started eyes of over 2000 onlookers at Jacksonville high school last night. Flashing a beautiful running game and a devastating passing attack, the Blueboys rolled over Principia for a 25-0 victory in the I.C. home opener.

The victory was the second straight for the 1942 hilltoppers. They edged out Scott Field 13-6 there last Saturday afternoon.

The names on the Illinois college portion of the I club program were:

Bailey Top Man As Jerseyville Downs Carrollton

Jerseyville—Bailey, power back in the Jerseyville line-up, put in a big night for himself here Friday when he plunged through the line and whipped around the ends to score four touchdowns, the big end of a 32-0 victory over Carrollton.

The visiting eleven failed to make much progress against the home crew, collecting only three first downs. The victors amassed an even dozen.

Quarterback Davis and end Waggoner gained the other eight points via the pass route.

Jerseyville's first touchdown was set up when Hewitt, the right guard, blocked Carrollton's punt on the five. Bailey went through tackle in the second period he took the ball over on a three yard plunge; in the third he went through tackle and reversed the field for 17 and a marker and in the final stanza circled left end for 38 yards.

Davis and Waggoner completed a 29 yard pass for six points early in the second quarter. They also clicked on two passes after touchdowns.

Score by periods:

Jerseyville	7	13	6	3	28
Carrollton	0	0	0	0	0

Greenfield Beats Pleasant Hill 14-0 Friday

Pleasant Hill—(Special)—Coach Don Lukich's Greenfield grid team, working out their familiar T formation, ground out a 14-0 Illinois Valley conference victory over a stubborn Pleasant Hill eleven here Friday afternoon.

Fumbles wiped out two good scoring chances of the underdog hosts. In the first quarter the Hilltoppers drove to the two-yard marker with three downs to go, only to yield the ball on a miscue. In the third quarter Pleasant Hill moved to the ten before fumbling.

Highlighting running during the afternoon was Pleasant Hill's Eugene Anderson, who got off one 45-yard gain and went for repeated long gains.

Greenfield scored first in the second quarter on a 20-yard pass from Owens to Nifong. Tucker kicked the extra point.

The second visitor touchdown came in the fourth period, when Cochran elminated a steady march with a three-yard sprint around left end. Tucker again converted.

Greenfield had 12 first downs to Pleasant Hill's six.

Pleasant Hill's next home game will be Friday, Oct. 12, against Pittsfield's strong outfit.

Score by quarters:

Greenfield	0	7	0	7	14
Pleasant Hill	0	0	0	0	0

Outlaw's Pinch Blow Gives Tigers Win At Cleveland

Cleveland, Oct. 1—(AP)—Little Jimmy Outlaw, a 250 bitter who couldn't hold down a regular berth with Detroit, played the villain's role today as the Tigers foiled Cleveland's bid to clinch a tie for the American League flag by defeating the Indians, 5-3.

The 35-year-old utility player, who did not enter the game until the eighth inning, socked a single to center in his first time at bat, with two out and the bases loaded in the ninth inning, to drive in the winning runs. The blow, which came off reliever Russ Christopher, elminated a three-run stanza and handed Bob Lemon his 14th setback.

The defeat out Cleveland's first game margin over the idle Boston Red Sox and New York Yankees to one game. Each team has two games remaining. The Indians engage the Tigers here tomorrow and Sunday, while the Yankees and Red Sox oppose each other over the week end.

CORN PACES SLUMP IN GRAIN PRICES AT CLOSE OF TRADING
Chicago, Oct. 1—(AP)—Grains eased toward the close of today's Board of Trade session. At times corn, which led the decline, was at the day's low as liquidation encountered limited demand.

May wheat was stubborn and resisted the selling pressure but July was inclined to be weak.

Soybeans, which had carried an easy tone since the opening, declined.

Receipts were: wheat 20 cars, corn 83, oats 37 and soybeans 93.

At the finish wheat was 1/2 higher to 1 cent lower than the previous close, December \$2.24 1/2. Corn was 1/2 to 1 1/2 lower, December \$1.37 1/2-1.38 1/2. Soybeans were 1 cent to 1 1/2 lower, December \$1.59 and soybeans were 1/2 to 1 1/2 lower, November \$2.42.

Waverly Scotties Lose To Deaf Club 25 To 7 In Afternoon Battle

An injury-riddled Waverly football team, outclassed but not out-fought, dropped a 25-7 decision to Coach Art Yates' smooth-working Illinois School for the Deaf grid machine in a Friday afternoon tilt on the westenders' field.

The Scotties, with a half dozen backs unable to see action due to injuries, began their back-to-the-way battle with the opening whistle. The Tigers immediately uncorked a drive of sharp, short thrusts which carried 80 yards to a touchdown. The westenders scored once in each quarter and had rolled up all 25 points before two line long passes by the visiting eleven brought them a tally with only six minutes of playing time remaining.

Tigers Click

I. S. D. showed home town fans a well coordinated offensive, capable of gaining yards when needed. Not once during the afternoon did a Tiger shake loose for a long dash, but quick, short jabs into the enemy backfield plus a sprinkling of passes proved effective.

The hosts' line play and blocking was, on the whole, excellent. However, the Scotties were just as vicious and they broke through the I.S.D. wall several times to throw the Tiger backs for losses. The Waverly ends, in particular, impressed. They turned plays in repeatedly and, finally, the westenders began to concentrate their attack on the center of the line.

The running of Bill Yates, David Early and Stanley Kwiatk sparked the I.S.D. attack throughout the day. Hood, the fourth member of the backfield, didn't handle as many ball carrying assignments.

Yates' Passing Good

Bill Yates, I.S.D. captain, showed his passing prowess on occasion. He chucked for two of the four Tiger touchdowns and completed another.

Southworth Shifts Line-Up In Effort To Replace Heath

Brooklyn, Oct. 1—(AP)—In his urgent quest for fitting power to replace that lost by the injury to Jeff Heath, manager Billy Southworth of the Boston Braves plans to give Earl Torgeson, his regular first baseman, a serious trial in left field in the club's final three games against the Giants tomorrow and Sunday.

It is obvious, however, that Southworth feels he needs more left field insurance than that supplied by Marvin Rickert, the Milwaukee clubber who flew in to join the champions today. The loss of Heath has been felt by every member of the Braves.

Purdue-Northwestern
Evanston, Ill., Oct. 1—(AP)—One of the closest football rivalries in the Big Nine will be renewed with Rose Bowl implications when Purdue's Boilermakers and Northwestern's Wildcats tangle before an expected 45,000 at Dyche stadium tomorrow. The slightly-favored Boilermakers recorded in the series.

Iowa-Indiana
Bloomington, Oct. 1—(AP)—Iowa's Hawkeyes open their Western conference football season tomorrow against an Indiana university team expected to be tougher than the I.U. eleven they beat 27-14 last year. In last week, will have an average Indiana, 35-7 winner over Wisconsin. The line and line and 16 pounds in the backfield,

Braves Drop Brooklyn To Third Place, Win 3 To 1

Brooklyn, N. Y., Oct. 1—(AP)—Vern Bickford, rookie right-hander of the pennant-winning Boston Braves, throttled Brooklyn, 3-1, today to drop the Dodgers into third place in the National league standings.

The Dodgers fell a half-pipe below the St. Louis Cardinals whom they're battling for the No. 2 spot. The Cards meet the Chicago Cubs in a night game.

Bickford yielded seven hits—three more than the Braves were able to get off Hank Behrman and Ralph Branca—but he was tight in the clutches. It was his 11th triumph of the campaign.

Bucs Drop Reds
Cincinnati, Oct. 1—(AP)—Pittsburgh unloaded four of its six hits off Walker Cress after two were out in the ninth inning today and defeated Cincinnati, 2 to 1.

Ralph Kiner and Dixie Walker singled, Romanus Bagalski's bounder to short suddenly bounced high into the outfield and one runner counted. Frank Gustine rapped safely to right, scoring Vic Lombardi, who was running for Walker, and there was the ball game.

Tiny Bonham started for Pittsburgh but Kirby Higbe, who finished was the winning pitcher.

Pittsfield Wallops Roodhouse 20-0 In Ivy Test

Pittsfield—(Special)—With Bob Kattelman again leading the way, Coach Glen Smith's Pittsfield Wallops Friday night proved that they are definitely Illinois Valley conference championship timber as they overpowered Roodhouse 20-0 in their first foot test.

Favored from the start, the hosts still surprised with their display. They held Roodhouse to only five first downs compared with 12 of their own.

Passing helped the winners, who completed six of seven attempts.

Kattelman went over from the 10 to elimate a second quarter drive for the home team's first marker. He kicked the extra point.

The Indians were on the one yard line at the half.

In the third quarter Neibur scampered 30 yards off left tackle for a second TD. Kattelman again converted.

The third Pittsfield marker came in the same period. Kattelman went 30 yards around left end. The attempted kick for extra point was no good.

Score by quarters:

Pittsfield	0	7	13	0	20
Roodhouse	0	0	0	0	0

Crimsons Retain Jug After Bruising Battle On Enemy's Gridiron

Beardstown—(Special)—Jacksonville high school's Crimsons chalked up a moral victory, retained the striped jug and completely surprised a crowd of some 1500 fans in one big swoop here Friday night as the battled to a 7-7 Central conference tie with Coach Nick Carter's highly-favored Beardstown Tigers.

Coach Bob Kraushaar's visitors stayed on even terms with the home team through most of the game, led when ever an outfit was on top and piled up seven first downs to five for the Tigers.

Spotts Leads Way

Brilliant running by Sam Spotts again highlighted the Jacksonville attack. He carried the ball on one out of every two J.H.S. plays and he counted the lone Crimson marker following a pass from Freshman Johnny Walker.

Spotts was Carter's Tommie Fischer, who threw the tying pass to Thompson, a 20-yard effort to the goal line.

The game was a see-saw battle from the start, with the majority of the action taking place in mid-field. Neither team threatened seriously, with the exception of the touchdowns, except near the end of the first half, when a 15-yard penalty tied the Tigers on the J.H.S. four.

One 40-yard run by Fischer in mid-field was called back on an off-sides penalty. Otherwise, most of the running gains were short.

Improved Defense

The Crimsons completely astounded home town fans with their show of power, looking greatly improved on defense and showing their usual offensive punch.

Friday's all-important extra points were both scored on runs. Spotts went around end for the Crimsons' point, while Moore plunged for Beardstown's tying marker.

The tie is the first blinding on the Beardstown record books. The Tigers had previously licked Lewistown, 19-6, and Macomb, 26-0.

Jacksonville now has a 1-2-1 record, having beaten Winchester and lost to Pittsfield and Quincy.

The Crimsons were handicapped in their efforts Friday night by the limited use of Fred Lawson, offensive end and defensive tackle. Lawson sprained an ankle while chasing a pass in Thursday afternoon's J.H.S. workout.

The starting lineups:

Jacksonville	Pos.	Beardstown
Gotchall	LE	Boice
Runkel	LT	Eshelmont
Myers	LG	Elmore
Fanning	C	Brockschmidt
Bunch	RG	Loughery
Chapman	RT	DeWitt
McGath	RE	Thompson
Todd	QB	Best
Spotts	LH	Fischer
Whitacre	RH	Jones
Petko	FB	Moore

Substitutions:

Jacksonville	Walker for Petko.
Tucker for Runkel, Samore for Spotts, Lawson for McGath.	
Beardstown—Adams for Thompson, Russell for Jones, Haberman for Loughery.	

Officials: Hinton, referee; Besso, umpire; Schofield, head linesman; all of Springfield.

Score by quarters:

Jacksonville	0	7	0	0	7
Beardstown	0	0	7	0	7

Yanks, Red Sox Still In Race As Cleveland Loses
Boston, Oct. 1—(AP)—Repreved by Cleveland's loss to Detroit, the Boston Red Sox and New York Yankees fanned new pennant hopes today as they rested for a final week end series that could determine the American League champion.

All Boston hung on loudspeakers throughout the afternoon to hear the details from Cleveland. Another Indian victory would have assured Cleveland of a tie.

Now, the Sox and Yanks have a chance as they trail the tribe by only one game. Each of the three teams has two more to play in a race that is sure to go down to Sunday, the final day of the season, before it is settled. Two more Cleveland wins would wrap it up.

The Yanks and Red Sox, tied for second place, wrestle at Fenway Park tomorrow and Sunday while Cleveland has two more home dates with that tough Detroit club. A sweep for either the Yanks or Sox and a split for Cleveland would result in a final two-way tie. Two more defeats for Cleveland, and a split of the New York-Boston set could produce a triple tie. Both the second place clubs are banking on Hal Newhouse to beat the Indians in one of the remaining games.

Manager Joe McCarthy spent the day in his hotel room, listening to the radio reports.

Important Combats On Grid Schedule Of Colleges Today
By The Associated Press
Chicago radio stations have selected for broadcast two of Saturday's top football scrambles—Ohio State vs. the University of Southern California, and Northwestern vs. Purdue.

Here's the schedule:
WBMM and WGN, Northwestern-Purdue, 1:55 p.m., CST.
WENR and WMAQ, Ohio State-Southern California, 1 p.m., CST.

New York, Oct. 1—(AP)—There are a lot of football games on tomorrow's program that will go a long way toward sizing up the teams in some of the major college conferences.

In the Big Nine, both Champion Michigan and favored Minnesota engage in non-league activities, but half a dozen other conference clubs are down for important family feuds.

Purdue, generally regarded as the team Minnesota must beat for the title, follows up its one-point loss to Notre Dame by invading Northwestern, 19-0 conqueror of UCLA. Indiana, surprise 35-7 winner over Wisconsin, entertains Iowa and Illinois moves into Wisconsin.

Oregon Faces Wolverines

Michigan, outfought but not out-scored in its opener with Michigan State, remains out of conference play to meet the invasion of Oregon in one of the day's top inter-sectional encounters. Oregon, co-favorite with California on the coast, led off with a 20-12 trouncing of Stanford.

Another inter-sectional date takes Southern California into Ohio State while Minnesota entertains Nebraska of the Big Seven. Within the Big Seven, it will be Iowa State at Kansas State and Colorado at Kansas.

In the Southeastern conference, the picture should be clarified considerably by a trio of league encounters and one or two contests involving outside competition.

Georgia Tech vs. Tulane

Georgia Tech, which didn't harm its position as favorite by blanking Vanderbilt, 13-0, last week, meets an invading Tulane squad that subdued Alabama, 21-14.

Mississippi, the defending Southeastern champion, moves into Kentucky, after slipping past Florida in its initial loop tilt and Vanderbilt visits Alabama.

Georgia, meanwhile, entertains North Carolina of the Southern conference in a game that won't go into the standings of either league but should provide a yardstick for things to come in both.

If North Carolina manhandles Georgia as it did Texas a week ago, the Tar Heels should breeze through their own loop and become one of the country's top teams. A Georgia victory, however, would establish the Bulldogs as a distinct Southeastern conference threat.

Eastern Schedule

Pennsylvania, favored to repeat in the Ivy league, will be at home against Dartmouth in the season opener for both teams.

Penn State, mythical Eastern champion of 1947, starts off the new season at home against underdog Bucknell.

Princeton opens at home against Brown, and Pittsburgh—having absorbed a beating from Southern Methodist—now faces the Dubious honor of entertaining Notre Dame.

In the Southwest conference, Arkansas and Texas Christian, each having won two non-league tests, collide at Fort Worth and Louisiana State invades Rice.

With Oregon and Southern California venturing into the Midwest, Pacific Coast conference interest centers on games sending Oregon State to Washington, Stanford to Washington State and Idaho to UCLA.

There is one inter-sectional game on tomorrow's program that may not furnish the best football but certainly will involve two teams from the most widely scattered points. It sends the University of Hawaii against Michigan State.

CHICAGO LIVESTOCK MARKET REPORT

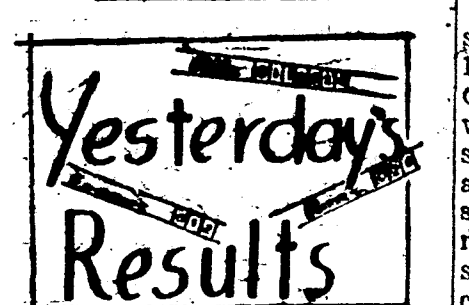

Chicago, Oct. 1—(AP)—Prices on hogs were 25 cents to 1.00 a hundred pounds lower today, cattle were steady to 25 cents lower, and sheep steady to 50 cents lower.

Butcher hogs fetched \$21.75 to \$27.25 mostly for good and choice offerings, the top going sparingly to \$27.50. Sows brought \$21.00 to \$25.50, a few meriting \$26.75.

Choice fed yearling steers topped the trade at \$39.25 and several loads of high-medium to good fed material sold between \$27.75 and \$34.00. Good cows topped at \$22.00, medium bulls at \$22.25, and vealers at \$33.00. Three loads of medium Canadian feeding steers brought \$22.00 to \$23.00.

In the lamb trade good and choice natives could be quoted up to \$24.50 but available supplies were undercut somewhat with mediums to sell at \$23.50 to \$24.00. Westerns were absent. Good ewes topped at \$10.50.

Total receipts included 6,000 hogs, 2,500 cattle, 300 calves, and 2,000 sheep.

Yesterday's Results
American League
Detroit 5, Cleveland 3.
St. Louis 4-2, Chicago 0-3.
National League
Boston 3, Brooklyn 1.
Pittsburgh 2, Cincinnati 1.
St. Louis 6, Chicago 4.

Oregon-Michigan
An Arbor, Mich., Oct. 1—(AP)—Two classy football winning streaks smash head-on here tomorrow in a twilight inter-sectional clash at Michigan. Oregon against Michigan for the first time in their grid history.

Michigan, 1948 Rose Bowl champ, has won 15 straight games since bowing to Illinois 13 to 9 almost two years ago. Oregon has taken eight straight.

The Loves of Carmen
By SOPHIE KERR
Copyright 1948, MSA SERVICE, INC.
Serialization of screenplay from a novel by Prosper Merimee
THE STORY: Don Jose, young officer in a fashionable Spanish regiment, has just come to Seville from the countryside of Navarre. On his first day in the city, a gorgeous gypsy girl falls in love with him, then disappears. Some days later he is on duty in the square with his friend, Andres, when girls from the nearby cigar factory swarm out at closing time. Among them is the gypsy, Andres greets her warmly and dances with her. Jose sees all this and, even as he smiles a date with Andres, he is secretly a date with Carmen. Jose hears a commotion down the street. Carmen has gotten into a brawl with a young bride whom she had previously snatched out of jealousy.
THE bride, screaming in rage, grabbed Carmen by the hair. Carmen threw her with a swift, powerful twist of her body and the two went down. The crowd increased in size and appetite. Carmen fought in silence, her face contorted. The bride grunted and screamed. Carmen pinned the other to the ground, held her shoulder to the cobblestones and with a flashing gesture pulled a knife from her be-ribboned garter. The crowd gasped with horror. There was a sudden shrill scream of pain from the bride. Carmen had cut a double cross in her cheek and blood covered her own hand as she was pulled off her victim by the hard-faced sergeant, who had broken through the mob with a group of soldiers.
"What's going on here?" The bride lay writhing and screaming. "I am dying! She killed me! Get me a priest! I am dying!"
The crowd ignored the wounded woman and accused Carmen in a loud chorus. Ten hands held her forcibly, the knife still clutched in her fist. She panted, her mouth opened to gulp air into her lungs, but she had a look of almost unholly satisfaction on her face. The sergeant turned to one of the soldiers.
"Call the guard."
THE soldier ran off. Everyone started talking at once, the bride yelling even more loudly. The sergeant turned to another soldier.
"Get that one to a doctor."
Two of the soldiers bent to help the woman to her feet.
DON JOSE broke through the crowd, followed by two guardsmen. He passed Carmen by, not knowing she was there. She called to him, "Don't believe a word they say. They're all against me. I didn't touch her." Then she jerked away from the hands that held her. She was quickly seized again.
"Take the gypsy to the magistrate," the sergeant said to Don Jose. "She almost cut off that woman's head. She is your prisoner."
"Yes sir." The sergeant and the three men remaining with him dispersed the crowd. At a gesture from Don Jose, the two guardsmen grasped Carmen and began to lead her away.
"My shawl!" Carmen yelled. "The swindlers have stolen my best shawl!" A woman in the crowd picked up the shawl and slammed it in Carmen's face. Carmen tried to strike her but her captors' grip held. Then she turned to Don Jose, suddenly cool and innocent. "I'll go with you now, officer. Please take me away from here." Her regal docility was somewhat marred by the fact that the two soldiers obligingly but somewhat too suddenly yanked her along so that she lost her balance. As she was being pulled away, Carmen screamed back to the crowd, "Castilian donkeys! Peddlers of rotten figs and stinking horse meat!"
DON JOSE'S back was stiff with shock and embarrassment. He quickened his step and marched ahead of his men, very conscious of the fact that he was on duty and that he must treat Carmen as just another petty criminal. Carmen leaned forward as she walked to appeal to him, tipping her head in an attempt to see his face.
"Where are you taking me, sergeant Navarre?"
"To the magistrate," said Don Jose without slackening his pace or turning his head.
"To the magistrate! But he'll send me to prison. I can't go to prison! A gypsy dies in prison. And I have no money for bribes. What can anyone do without a penny for a bribe? In this city you not in prison unless you have the money for a bribe!" She became frantic, tried to catch Don Jose's sleeve as she talked. "I know, believe me, I know. I have a friend who is in prison this very minute. That is why I am here in Seville, working my fingers to the bone to get enough money for bribes to get him out."
She had almost pulled herself abreast of Don Jose, but the two soldiers interrupted her sad story by yanking her roughly back. She kicked one viciously in the shinbone, almost cracking it. The soldier grabbed his leg, hopping, grimacing with pain. Carmen did not even turn her head, but took advantage of the moment to strain closer to Don Jose. She clasped down her face. "Nobody cares about me, I am all alone in the world—all alone!" She looked at him to see how her words were affecting him, but his eyes were straight ahead. The tears disappeared and she twitched her shawl, disgusted.
Because of the narrowness of the alley, one of the soldiers dropped back and Carmen walked ahead with the other. Suddenly she gave a piercing shriek. Both soldiers jumped as Don Jose turned, startled.
Carmen's eyes were flashing with outraged virtue. She appealed indignantly to Don Jose, pointing an accusing finger at the soldier beside her. "He pinched me! I was walking along being quiet as an angel, and he pinched me, officer. HE PINCHED ME!"

To Investigate Deaths Of Two Young Pilots Killed In Air Crash

(See Pictures on Page Four)

Coroner inquests will be held here today to investigate the deaths of two young air pilots who were killed when their plane crashed into a cornfield five miles south of Jacksonville late Thursday night.

The victims were Ron Hoffman, 19, a mechanic of the Jacksonville airport, and Paul Keenan, 26, of Alexander. Hoffman is believed to have been flying the ship. Both men probably died instantly.

Their bodies and the wrecked plane were found at 1 a.m. Friday in a small corn field just north of the W. C. Paul residence. The discovery ended an hour and a half search by sheriff's officers, police and airport employees.

The two men took off from the airport about 10 p.m. for a night cruise over the Jacksonville community. Airport employees became alarmed when they did not return.

Search Paul Farm Area
The plane was known to have flown over the Paul farm, a mile east of the airport, and the Lake Jacksonville area. The searchers centered their efforts in that neighborhood.

Miss Frances Paul believes the tragedy occurred at 11:15 p.m. She heard an airplane fly very low over her home. All was quiet after that.

Searchers spread out through fields and pastures, carrying flashlights to aid in their hunt for the plane and fliers.

The plane was found with its nose buried several inches in the soft earth. Chipped corn stalks indicated that it was headed north at the time it fell.

Hoffman Still In Seat
Hoffman's face was mangled by the impact against the instrument panel. He was still in the seat at the left side of the wreckage. One of his legs was broken.

Keenan's safety belt was broken. He was hurled past Hoffman face down amid the debris. One of his feet was almost severed.

Among first arrivals at the scene were Sheriff Ralph Bourn, Chief Frank Kiloran, Capt. Ike Flynn, Deputy Sheriff John Triana and others from the sheriff's office and airport.

The death scene was not much more than 100 feet from a barn at the Paul place.

Miss Paul told the county officers and police that she went out and listened after hearing the plane pass over at what seemed like tree-top height. She said she detected an odor of oil, but could not tell where it came from.

Heard Motor Cutting Out
Three boys reported to Sheriff Bourn that they heard a plane in which the motor was cutting out. They believed motor trouble was responsible for the accident.

Hoffman, reported to have been at the controls when the plane left the airport, had more than 500 hours in the air.

The 140 model Cessna airplane is considered a "hot ship" by most pilots. It seats two passengers, side by side, and has dual controls. Its relatively high landing speed, around 45 miles an hour, makes a power approach almost mandatory.

Experienced fliers believe Hoffman had lost his bearings in Thursday evening's low overcast and was scouting for the landing field at the time of the crash. What little wind there was at the time was from the northwest. A barn and small cornfield similar to that of the Paul farm is located at the south edge of the airport.

Received Plane Wednesday
The second-hand plane had arrived at the airport Wednesday. It was tested in several flights Thursday.

Airport officials told searchers the trainer plane was a new one which had been in use only a few days.

Coroner C. S. Young joined the group of officials around the smashed plane. He took charge of the personnel effects of the men, and interviewed numerous persons who may be called as inquest witnesses.

This was the first air tragedy in this section since a student flier, John W. Villagomez from Guam, and Keith Brown fell from their deaths east of Alexander on Feb. 20, 1947.

Plane Bounces 90 Feet
Coroner Young made an examination of the scene after daylight this morning. He said the plane struck the ground and apparently bounced about 90 feet before coming to a stop.

Fred Wharton, manager of the Jacksonville airport, returned to Jacksonville Friday from Blytheville, Arkansas, where he had gone Thursday to attend a sale of Tennessee walking horses.

Mr. Wharton said "the flight was absolutely unauthorized. Night flying is not permitted at the Jacksonville airport."

The coroner said he expects to hold the Hoffman inquest Saturday afternoon at 1 o'clock at the circuit court room. He was sounding up witnesses today. He said the Keenan inquest probably will be held later Saturday afternoon.

School Consolidation Approved By AAUW

District Governor Of Optimist Clubs Makes Visit Here

The final report of the Morgan County School Survey committee was approved Friday by the executive board of the Jacksonville branch of the American Association of University Women when it met at the high school Friday afternoon. Mrs. John Agger, the president, presided.

The A.A.U.W. urges citizens to vote "Yes" in the election to be held Saturday, Oct. 9, on a proposal to form a consolidated unit school district for Morgan county.

Arrange Fall Supper
Plans were completed for the annual A.A.U.W. fall supper to be held on Friday, Oct. 15, at 6:15 p.m. at the Congregational church. New members will be presented at this meeting.

Dr. H. Gary Hudson, president of Illinois College, will give the address of the evening, speaking on the report of the Truman commission on education, entitled "Higher Education for American Democracy."

Sponsors Movie Series
The Lyceum movie series will again be presented this year under the sponsorship of A. A. U. W. Eight movies will be shown in the current series instead of six and the first picture will be presented Nov. 3 and 4.

Subject matter chairman gave a report relative to items on the A. A. U. W. legislative program for 1948-49 embodying principles to be voted on at the biennial convention in Seattle, next June. The chairman are Mrs. Ernst C. Bone, legislation; Mrs. Lawrence Paset, international relations; Mrs. James Coultas, status of women; Mrs. D. M. McDermott, social studies; Miss Emma Mae Leonard, education.

Other chairmen reporting on activities were: Dr. Elizabeth Hastings, program; Mrs. C. G. Kirchhoefer, fellowship; Mrs. Francis Ferry, creative arts; Mrs. Melvin Brasel, recent graduates; Mrs. D. A. Tomlinson, spring luncheon for college seniors; Mrs. Earl Biggs, Lyceum movie series.

Close Safety Lane Inspections Here; Check 1,224 Cars

The safety lane which operated here from Monday noon until Friday evening under the sponsorship of the Jacksonville Junior Chamber of Commerce set up a new record for the number of cars inspected. Altogether 1,224 motorists of this area who took advantage of the opportunity to have their cars checked by experts and specialized machines.

Preliminary estimates of the probable number of automobile owners who might take advantage of the safety lane had been set at 1,000. The closing day brought out another 280 cars to be added to the previous total of 944.

Friday's percentage of cars that got the green OK sticker on the first test was the highest during the week, 152 out of 280. Stop lights, often faulty without the knowledge of the owner, were especially on the debit side yesterday. Owners of 32 of the 87 cars rejected thought they had stop lights, but didn't.

Carrollton Lodge Honors Ball Team

Carrollton — Fred Kirbach, the manager of the K.C. softball team this year and the members of the team were guests of honor Wednesday evening at a fish fry given by the local chapter of the Knights of Columbus in the K.C. hall.

Questions And Answers ON THE OCT. 9 SCHOOL ELECTION

The County School Survey committee has submitted a series of questions and answers to the Journal Courier in the hope that these may stir up interest and clarify issues in the forthcoming school election on Saturday, Oct. 9. The committee invites further questions from interested citizens which some member will attempt to answer. Questions should be addressed to the Survey Committee in care of the Journal Courier.

1. What specific benefits will teachers receive from the plan of the Survey committee if it carries at the election?

Teachers in many instances will have better teaching conditions including graded work, fewer subjects on the high school level, a higher salary scale where salaries have been low.

2. Will teachers lose their tenure if the new district is established?

No. In its recent decision, the Illinois Supreme Court has held that in such a district as the one proposed teachers will not lose their tenure.

3. In such a set-up will qualified teachers lose their jobs because fewer will be needed?

This plan would require nearly as many teachers as are now employed in the area affected. They will be used more effectively. There is, moreover, still a general shortage of qualified teachers. There will undoubtedly be enough jobs for all qualified teachers.

4. Will teachers lose retirement benefits?

No.

1. Are there still great inequalities in the amount of taxable wealth in districts of the area included in this plan for reorganization?

Yes. Some districts have many more dollars to furnish education for each child in the district than others. (See the chart on page 11 of the Report.)

2. Are there common school districts now operating one room schools within this proposed district which are facing serious financial problems?

Yes. There are schools with mounting costs and decreasing enrollments, which in some instances means no recognition for state aid, that will be unable to open another year.

3. Are roads in the area good enough to permit transportation by school bus?

School buses have been operating successfully for several years in the area of the County with the poorest roads. Good roads will follow reorganization. Scott County is finding that out.

Ex-Union Head Details Shakedown In Movie Industry

Chicago, Oct. 1.—(P)—Willie Bioff, former official of the stage hands union, detailed in court today his part in shaking down the movie industry.

Bioff appeared as a government witness in federal court in support of claims by the internal revenue bureau against the estate of Frank (The Enforcer) Nitti. Nitti killed himself in March 19, 1943.

The government contends that Nitti received \$404,894 of the \$1,800,000, and that the estate owes per cent penalty and six percent interest for the years 1935-1940.

The trial is a hearing on an appeal filed by Nitti's widow, Annetta, who is fighting the tax.

Bioff told Judge John W. Kern of collections he said were made from theater operators by himself and George A. Browne, president of the International Alliance of Theatrical Stage Employees.

He said the money was collected under a guarantee that "Browne and Nitti would see that labor peace and stability were maintained in the movie industry."

Joy Boyd, Virginia High School Youth, Dies In Auto Crash

Virginia—(Special)—Joy Boyd, 16, son of Mr. and Mrs. Eddie Boyd of near Virginia, was killed, probably instantly, Friday night in a highway tragedy which occurred three miles south of here at approximately 11:15 p.m. A companion, James Loeffler, was said to be uninjured.

Boyd, a freshman at Virginia high school, was riding in a Model A Ford sedan driven by Loeffler at the time of the one-car wreck.

He was pinned beneath the vehicle, which had rolled over, and his body could not be moved until a wrecker arrived at the scene and moved the auto.

Boyd's neck had been broken. Reports indicated that Loeffler was thrown clear, thereby escaping more than minor cuts and bruises.

The automobile belongs to Loeffler's father.

Both families reside on farms approximately two miles north of Virginia.

The two students were riding east on a gravel road. They apparently attempted to make a turn into U.S. highway 67 and skidded in the loose rock. The car careened across the highway and landed in the east ditch against a telephone pole.

Cass county Coroner Joe Lintner of Chandlerville, who was summoned to the scene, reported that the time of the accident will be announced sometime today.

Ed. J. Barrett Contends GOP's Aided Third Party

Joliet, Ill., Oct. 1.—(P)—Edward J. Barrett, secretary of state, tonight charged that "cohorts of the Republican machine" used state employees to circulate Progressive party ballot petitions.

Barrett, seeking reelection on the Democratic ticket, made his charge in a speech at a rally in the American Legion hall. He named six persons he said circulated the petitions.

"While Republican campaign orators paraded around the state shouting maledictions upon Moscow and the Red menace, the cohorts of the Republican machine were up to their eye-brows in a double distilled plot to put the Communist-dominated Progressive party on the ballot," said Barrett.

"There was only one purpose behind this," he said, "and that was to smear and defeat the candidates of the Democratic party by whatever foul, despicable means they could command."

"It has been denied that the Republican party was aiding and abetting the Progressives," said the secretary of state, "but the evidence is that some of the political bosses used public funds to finance their diabolical scheme," he said.

Warren Does Not Believe Third War Inevitable

Philadelphia, Oct. 1.—(P)—Gov. Earl Warren said here tonight that "one nation has been making a mockery of the United Nations" but that he did not believe a third world war to be inevitable "in the foreseeable future."

Speaking in the city where he was nominated three months ago, the No. 2 GOP candidate did not name Russia specifically but left no doubt of what country he was speaking.

He offered a formula for world peace of "patience and courage."

He declared he was convinced that "if the American people persevere in their determination to have collective security through the United Nations we can make it an effective instrument for world peace."
